Museums are guardians and keepers for next generations. Transmission of knowledge and skills for traditional crafts is part of a culture intangible heritage. Prince Edward Island has many craftspersons in various mediums: pottery, weavery, sea glass art, quilting, woodworking, embroidery, etc...

### **Participants to the workshop will:**

- Identify the various crafts components in their community and collections
- Share ideas on how to use these components in their activities
- Get toolkits regarding the preservation of traditional crafts

**CMA-PEI Members: 15 \$ / person**

**Others: 20 \$ / person**
